Baseball Season To End Sunday In Portola Game

Navy Unlimbers Big Guns To Sink Mountaineers In Game Sunday

For those who like a lot of runs and hits, the baseball game here Sunday should have provided fun galore. But of the 42 runs recorded in the game between Mike Korich and his Mare Island Servicemen and the Mountaineers, the locals gathered only 14, to trail in the 28 to 14 score.

The local team will wind up its season Sunday on the local lot in a contest with Portola of the Feather River League.

Four Truckee pitchers Sunday were walloped for a total of 26 hits and walked 10. Goicoa started and was touched for nine hits and as many runs in three and a third innings, being relieved by Kielhofer whose two and two-thirds innings netted the visitors 11 runs off four hits. John Rau started in the sixth and did fine for two and two-thirds frames, being nipped for 7 runs and seven hits, before Giovannoni took over in the 8th

The local hitting was led by Nuke Frates, local catcher, who collected four for five and was walked once. Al Wakefield got two for four and started one of the fastest double plays of the season when he snared a grounder a few feet off second, whipped it over to Ulsheimer on second and covered first for the second out Les Davidson, who has been in a batting slump finally found his old stride and got himself a single and a double in five times at bat, driving in three runs. Giovannoni hit two for five, Stark two for six, Ulsheimer got one for two and four walks, and O'Laughlin left field, hit one for five. Rau was the only chucker to get a hit

Korich led his team mates in slugging and got five runs off his five hits, one a homer, walked once and batted in six runs in six times at bat. Moose Brown, visiting initial sacker and relief catcher, who finished behind the plate for Korich after the latter was retired for arguing with Tony Mutoza, the ump, hit two homers and a double in 7 times up. Dick Moore, starting pitcher and right fielder, hit four for six, while Jerry Moore, right fielder and pitcher, was walked five times.

The game, which lasted nearly four hours, was filled with plenty of action from start to the end, but the local squad was handicapped by being up against a more experienced team, made up from Navy and Marine personnel from Mare Island, where Korich, former manager of the local club is now stationed.

The score:	R	H	E
Mare Island	28	26	3
Truckee	14	16	3

Dick Moore, Jerry Moore, Muggie and Korich, Brown; Goicoa, Kielhofer, Rau, Giovannoni and Frates.

New Wire Installation Causes Power Shut-off

To paraphrase an old saying, you never miss the electricity until the power goes off.

This was proven here Friday when the current in the west part of Truckee was shut off for four hours while workmen installed new wires for the Truckee Public Utility District. Some business houses as well as most of the homes west of the post office were without power, causing considerable inconvenience and no small loss of time.

The delay offered more proof that a community cannot get along without electricity.

Four Lanes For 40 Needs State Help, Says Engle

Nevada Plans Widening From Reno to Line In Winter

Any plan to four-lane Highway 40 from Sacramento to the Nevada state line or to secure necessary engineering data will have to be initiated by the state of California through its department of public works.

This is the latest information received from Representative Clair Engle by the Placer County defense council, which has been urging the project as a defense measure in event of another war Engle wrote the council in response to a request that he attempt to obtain federal funds for engineering data.

He quotes Thomas McDonald federal road coordinator, as stating California has plans for the four-laning of 12 miles immediately north of Sacramento.

He indicated that state officials have never requested federal assistance on the entire project and must do so if there is to be consideration of the proposal.

California and Nevada highway officials, at a special conference at the California-Nevada state line, reported progress toward the eventual completion of a four-lane highway on U.S. 40 from Reno to the California line.

Nevada highway officials Saturday met with a California highway delegation and agreed tentatively on plans for the four lanes. Nevada leaders said a contract for the job calling for 3.65 miles of work from Verdi may be let next winter.

Sun Beams

by Walter M. Barrett

There is apparently an unsupported theory, based on ancient and outmoded methods of governmental procedure, that unincorporated areas are not required to pay as much in taxes as organized cities. In Truckee, for instance, we pay taxes equal to, or in excess of, many incorporated towns and at the same time do not enjoy the varied benefits of incorporation. We believe that under present trends, taxes will continue to mount and that with little or nothing to say about how the money is spent, we are losing our identity as a community. It is high time that some local organization or group start an investigation for the purpose of determining how and when Truckee can become incorporated and gain its rights and privileges as a city.

Tahoe-Sierra Ass'n Hears Talk on Employment

TAHOE CITY— Lake Tahoe was well represented at the noon luncheon of the Lake Tahoe-Sierra Association, held last Thursday at Homewood Resort. President Harry Comstock presided and Don Huff was master of ceremonies.

Pete Bennett, manager of Brockway Hotel and a director of the American Hotel Association, gave a talk on the proposed changes in the California state industrial welfare commission's order on wages, hours and working conditions for women and minors in the public housekeeping industry. Since Tahoe has specific problems to meet, especially during the summer season, Bennett urged resort owners and operators to get together and present their mutual problems to the commission before final action is taken, in order that the problems may be clarified for the benefit of both sides.

Beautiful color pictures taken during the South American tour of the Harry Comstocks and their companions, Mr. and Mrs. Wurlitzer and children, were shown and highly enjoyed by the guests.

Luncheon was served on the resort's porch under colorful umbrellas.

CAKE DECORATOR

Mrs. Gertrude Stark, whose demonstrations in cake decorating proved so popular during the recent AAUW hobby festival at Tahoe Lake School, annuonced she will give instruction by appointment at her home. She and her husband, Wilmer, have purchased the tent cabins and adjoining house and plan to establish a resort there.

They will be giving programs each day starting tonight at 7:30 until the end of the convention, which will include the Friday and Saturday night evangelistic services.

The religious programs of the Voice of Prophecy are heard on nearly every continent in the world. They are broadcast on over more than 480 radio stations in the United States and Canada, in addition to around 250 radio stations in the Middle and Fare East, Europe, Australia and the Philippines, these being in a number of different languages.

Coming from a personal visit to many of the above mentioned countries, Richards will bring his own personal report of the conditions which he found to exist.

The general public is invited to attend any of these meetings or of the others being held as parts of the convention, which is conducted on the Methodist Camp Grounds at Lake Forest, Lake Tahoe.

FLORISTON
by C. A. FELESINA

Monday afternoon while playing on the mountain side in back of Floriston a group of children discovered a small brush fire. Immediately sending one of their number for help, they started work to control the fire. They were doing a fine job with shovels when Marvin Humphreys of the Forest Service came in with other equipment and the fire was soon out. Humphreys says the credit really went to the youngsters. The children fighting the fire were Carol and Paul Rosen and their cousin, Diane Arnold of Los Angeles, Ray and Glenn Little and Mike, Jean and Ronnie Germaine. The fire which was of undetermined origin did no real damage, burning only a small area of underbrush.

Mr. and Mrs. Wesley Craig and daughter Lydia have returned from a three weeks vacation visiting Mrs. Craig's parents, Mr. and Mrs. Virgil Simpson in Pasadena and Craig's mother, Mrs. Katherine Craig, in San Francisco.

A few of the duties of the dean are the choosing of other trustees, amending bylaws, submitting suggestions for various activities, planning and arrangement of anthologies or other literary projects, calling conventions and many others. SUMMIT SCENE

by FRAN COUILLARD

Elmo and Jeannie Moriano were the guests of John Carl and his Jeep last Sunday afternoon. Elmo has been a long-time resident of these parts and had never been past a certain point. Jeannie, a Texan, took over the reins and demanded a look at the mountains that smile down on their Beacon Hill Lodge so John, Elmo and Jeannie took off for the excursion. After five hours of exploring the trio came home completely covered with the dust of the Sierra. Both have become true Sierraddicts. Everyone knows John has long been an addict.

Eleanor Johansen's school girl friend, Kay Diehl, has been her guest for a week. Jimmy Brennan of Kingvale Park lent his cabin to E. Kreatz of Auburn, who has been enjoying himself in these parts. Ernie and Helen Johnson of the Rainbow area are entertaining her sister and brother-in-law, the Negrettes. Milt and Helen Hogle hold on to the few precious hours of Jane Vinson's leave for Jane, the niece who is practically a daughter to two, has spent a year teaching in Japan and liked it so well that August finds her orient-bound again. Barry and Elva Bruce, who left these parts a couple of years ago, take time off from their Oakland duties to return with friends and youngsters to enjoy a week of camping on Kidd Lake.

Peg Travis leaves for a sad mission with the news that her brother has passed away in Fresno. Jess Thompson of The Cedars comes in on her broken foot with a walking cast after having been on crutches for a month.

Erne Tschopp continues to hammer away at his service station in Kingvale Park, while next door the Christmas Tree Inn adds a coffee shop to its extensive facilities Across the street, Harold and Gloria Steen recruit Papa and Mama Steen, vacationing from Mississippi, to help them with their overloaded coffee shop and accommodations which, right now, are filled with loggers. A bunch of new foundations in the Soda Springs area make us wonder what Roy Thompson is building on his highway property; likewise Paul Norboe. We hear Donner Ski Ranch is building a warming hut and coffee shop at the top end of their highest ski tow. We have taken a picture of Wanda Misener in a most unique costume—shorts, halter and carpenter's apron, which isn't fooling at all, for she actually drives nails in the new unit which the Miseners are constructing. Saw her chiseling rock, pouring concrete and helping her husband put in the foundation.

San Francisco columnist Herb Caen at Rainbow last Saturday at lunch time.

As in previous years, thousands of children from miles around, transported by special train and bus, will be enteretained at the matinees through blocks of donated tickets.

An entirely new lineup of animya acts consists of Jack Joyce with the world's only trained camels, Goldilocks and her bears, Packs' baby elephants, Armand's performing seals, Ostermaier's dressage horses and Arwoods' Acro K-9 Antics, new style dog act.

* * * *

Aerial sensations include daring Don Dorsey on the high trapeze, the revolving Mandos Sisters from Belgium and startling teeth suspension feats by the Sikorskas, in addition to the newly augmented Nine Ward-Bell Flyers in unprecedented triumphs of massed mid-air precision.

The program is further highlighted by Francis Brunn, the speediest juggler ever known; the Ibarra Brothers, amazing Latin American horizontal bar experts; the Sing Lee Sings, oriental gymnastic marvels; Melitta and Wic ons, perch equilibrists; the Goetschis, Swiss unicyclists, and the Hargus Troupe of teeterboard acrobats.

For laughs, there are ount Ernesto and his original Dizzy Lizzie the man-made monkeyshines o Natal, and the new clown caprices of Gene Randow and his cohorts

Geologic History of Lake Related to Rotarians

HOMEWOOD— The Tahoe City Rotary met Tuesday at Homewood Resort. President Don Snyder conducted the meeting and introduced the guest speaker, Dr. Vincent P. Gianella of the University of Nevada. His talk was on the geologic history of Lake Tahoe.

Gianella told of how Lake Tahoe is one of the most fascinating lakes in the geologic history of the west and gave a very enlightening summary of the great changes in the lake and how it was formed. His audience agreed the time limit on the talk was much too short for such an interesting talk.

There were 61 members and guests present. From out-of-state were R. W. Hughes, St. Louis, Mo.; Robert Marcus, Trenton, N. J.; and G. R. Gillasp.e, Phoenix, Ariz. The 37 other guests represented other California communities.

SWANEE'S TAHOE LETTER

PHONE TAHOE CITY 39W
Tahoe City, July 29th

Dear Tahoeites:

On Monday of lats week, two southern Californians, Herbert Reed of Pasadena and Albert Stevenson of Long Beach, decided they wanted to see a bit of the Tahoe back country, so they motored to Squaw Valley and hired Ray Caples, experienced fishing guide, who led them to Picayune Creek, beyond Five Lakes. Nor were they disappointed. They caught some beautiful rainbow trout which averaged between 12 and 14 inches in length. During their two-day stay, they cooked and ate all the trout they could manage in camp and brought back 14 rainbow, just as luscious as the ones they sampled at Picayune. The thing I like best about this story is that ehey were good enough sports to tell where they had their success. So many times fishermen return with limits but refuse to divulge the source of their good fortune.

Mr. and Mrs. Stevenson on last Wednesday celebrated their 26th wedding anniversary with a cocktail party at Sunnyside Lodge with their daughter, Mrs. Ethel Severson, and friends, followed by dinner at Cal-Neva where they were hosted by Mr. and Mrs. Reed. Recent guests of the Stevensons at their lakeshore summer home at Sunnyside were Victor Wilson of Long Beach, superintendent of the Inglewood school district, and his wife.

Pvt. Florence Vernon of Hamilton Field accompanied her brother-in-law, Mr. and Mrs. Harold Farr of Berkeley, to the C. W. Vernon home in town for the week-end. They returned home no Sunday.

The congregation at the Episcopal Outdoor Chapel broke the attendance record for the summer last Sunday, with 450 persons tallied. All denominations are welcome and visitors find the beautiful surroundings quite a novelty from their regular places of worship. Peter Gibson, chapel organist, was highly complimented upon his recital last Sunday afternoon. This talented young musician will be heard in other recitals later in the season.

A forthcoming big event for the lake will be the Catholic Parish Bazaar and Buffet supper to be held at Kings Beach August 30. The beautiful new Henry J automobile, which will be given away, was on display last Sunday in front of the Catholic Chapel near here.

Mrs. Ruth Droste has received wrod that Robert H. Walker, son-in-law of the late Henry Droste, is opening a law office in the Finance Center Building in Oakland. His many friends in this area, where he and his family have often vacationed, are wishing him the best of good luck.

A guest at the lakeshore home of Bishop and Mrs. Noel Porter is Mrs. P. N. Evans of Sacramento. Just departed are Mr. and Mrs. Wm. A. Lee of Los Angeles and expected for a ten-day visit at the Homewood Hotel next week are the Porter's son, Noel, of Palo Alto, his wife and daughters, Diane and Patricia.

Cpl. Howard Carnell enjoyed a furlough at the home of his parents, Mr. and Mrs. Floyd Carnell, at Tahoe City recently from the Marine Corps base near San Diego.

ELECTRICAL TIPS FOR THE HOME

If Slow-to-Heat Appliances Cut Your Ironing Efficiency

DON'T blame your electrical equipment. The chances are that your wiring is too skimpy for the demands made upon it. Insufficient wiring can reduce iron efficiency by as much as 31.5%, lightin brilliance by 34%.

DO check with an electrical contractor to see if your wiring is adequate for modern needs. Experts say you should have at least two circuits for plug-in appliances used in the laundry, kitchen and dining room.

Tarzan

by EDGAR RICE BURROUGHS

HUNTING TOGETHER, TARZAN AND HIS LION COMPANION DISCOVERED A WHITE WOMAN CAMPED ALONE IN THE JUNGLE.

TARZAN STAYED NUMA WITH A SHARP COMMAND, THEN LEAPED FORWARD, STRIKING THE GIRL'S RIFLE ASIDE. "FORGIVE ME," HE SAID, "BUT NEITHER OF US WILL HURT YOU -- LET'S BE FRIENDS."

THE WOMAN SIGHED. "YES, I MUST TRUST YOU... MY NAME IS NANCY BROOKS. I WAS SEARCHING FOR MY UNCLE, A LOST EXPLORER; BUT MY GUIDE DESERTED ME, TAKING THE ONLY CLUE."

"WAIT!" EXCLAIMED TARZAN, WITHDRAWING THE CRUDE MAP. "THAT'S IT!" CRIED THE GIRL, "BUT HOW -- ?" THE APE-MAN SPOKE GRIMLY. "THE LION CAUSED THE CHANGE IN ITS POSSESSION -- YOUR GUIDE IS DEAD."

"BUT DON'T WORRY, THIS CAT IS AS HARMLESS AS A BABE." HE LAUGHED. "IN FACT, NUMA, THAT WILL BE YOUR NAME -- BALU, OR BABY, IN THE APE LANGUAGE"...

THE THREE COMPANIONS THEN BEGAN A TREK THROUGH UNKNOWN FORESTS, FOR TARZAN HAD DECIDED TO HELP MISS BROOKS. HOWEVER, BALU GREW RESTLESS, AND SOON DRIFTED AWAY TO SEARCH FOR FOOD...

LATER, TARZAN CAUTIONED THE GIRL -- AHEAD WAS A CLUSTER OF NATIVE TREE HUTS. THEY WATCHED CURIOUSLY, NOT REALIZING THE HIDEOUS SIGNIFICANCE OF THE DISCOVERY!
